25X1 MEMORANDUM FOR:  Chairman  
Technology Transfer Intelligence Committee

FROM: Executive Director

The DCI is reviewing the work of DCI, Intelligence Community and CIA intelligence committees. He asked that I pass the request along to his committees at the same time CIA is tasked. The DCI asked that committee Chairmen prepare for his personal attention a brief paper of no more than three paragraphs, each addressing:

- What the committee has done and where its current focus lies.
- How well the committee's work is going.
- How the committee's contribution might be enhanced.

The DCI also noted that he would welcome any existing papers which are informative or illustrative of the committee's work and asked for a response one week after receipt of his request.

## Note to the Reader

This reference aid updates the IPC document (IPC 82-10001) entitled *Intelligence Community Interface: A Compendium of Interagency Coordinating Mechanisms*, published in August 1982, and is intended as a replacement for it. The aid incorporates changes and additions recommended by Community elements that update the listings of Community participants; identify new Community working groups; provide a more detailed breakout of some DCI Production Committees; and supplement the previous list of interagency coordinating mechanisms by adding the names and functions of consultative groups advising the DCI on matters relating to intelligence collection, exploitation, and production. A few mechanisms listed in the previous edition of this document were deleted since they no longer exist.

The Intelligence Producers Council (IPC) Staff appreciates the contribution made by Community elements in the preparation of this document and hopes that they will continue to keep it up to date. For purposes of updating the document, we request that recipients notify [redacted] of the IPC Staff as they note needed changes to the listings of interagency mechanisms.

If recipients of this document would like more information (for example, names of individual participants, schedule of meetings, and so on) on the mechanisms listed in this document, they are welcome to call the IPC Staff. For information on DIA participation in the interagency mechanisms, recipients are encouraged to call Ms. [redacted] (Defense Intelligence Agency, Vice Director for Foreign Intelligence, VP Management Office, Special Actions Division) on 695-1344. Information on DCI Production and Collection Committees as well as DCI advisory groups may be obtained from the respective Executive Secretaries and/or staff whose locations and telephone numbers are listed below:
